## What's New in the?

New design tool to work collaboratively with your team members, contractors, designers, or clients: DecoDesigner (video: 3:09 min). Add a field to a shape and then use it for color in the drawing window. You can also easily edit the value and apply the color to selected objects. (video: 1:31 min.) Multi-object hotspots and multi-object gestures for customizing your drawings: Drag and drop several objects into the drawing window to create a hotspot and use custom gestures to quickly navigate your drawing. (video: 2:34 min.) Create custom plugins: Draw your own plugins and add them to AutoCAD to extend its functionality. (video: 1:59 min.) Preparation for our customers: We have upgraded our auto-show tool (XML language for AutoCAD and AutoCAD LT) and added a feature that will allow you to preview what the output will look like in AutoCAD. (video: 3:35 min.) A new horizontal shape tool allows you to create width-balanced shapes and split them into two equal parts. (video: 1:26 min.) The new Freehand tool allows you to create custom shapes with smooth edges and proportional aspect ratio. Parting in and out of 3D geometry: The spline engine has improved control over geometry through the new SplitGeometry tool. (video: 3:25 min.) Insert coordinates in straight, curved, and spline paths. Split paths in multi-object frames. Markup with different line styles and colors: Extend the palette of line types in your drawing windows. Edit existing drawing with new tools and extensions: Add support for CADIL templates in AutoCAD and AutoCAD LT. Create new AutoCAD Live workshops to create your own tools, extensions, templates, and addins. For more information about this update, visit [autodesk.com/acad2023](https://autodesk.com/acad2023). Autodesk Media Design 19.3 Rapidly render, view, and edit photo and video assets: Media Design 19.3 makes it simple to quickly render, view, and edit photos and videos. With a few clicks, you can convert a photo or video into a master file and then create and render different versions with different presets, grades, and effects.
