George is a small, normal guy. He likes his mundane, tiny life. But it turns out, the book he found is magic. He is transformed from a human to a small human. The world becomes larger and more dangerous. He has to overcome obstacles to make his way home. But he'll have to move fast. George faces more dangers than ever before. A: Sounds like Tiny Mouse Adventures is a title with similar aspects. When George, a little mouse, discovers an enchanted book that turns ordinary mice into little mice, he is also given the power to fly. George must master the art of flying to get to the end of the book and return home to his family and friends. There are other episodes, like Tiny Treasure and Tiny on Delivery. Q: Screenshot taken of site using PHP without browser extension In a CMS I'm using (which uses PHP), I need to take a screenshot of certain websites on the server, but I can't use any browser extension. I've tried using PHP itself, but my script hangs because of timeout. Any ideas? A: You can use Simple HTML DOM Parser (SHTMLD) to grab every image on a page, and then save it to your local hard drive. php > $html = file_get_html(''); php > for($i = 0; $ifind('img')); $i++) php > { php > $imagessuffix = $i+1; php > $imageurl = $html->find('img', $i)->src; php > $tmp = str_replace('&', '&', htmlspecialch

The game is about a small person, who tries to adapt to the world of larger people. The player has three important functions in the game: search for items, tell stories, and navigate the game. Smaller features seven locations: The room with the story, where the player tells a story about characters. The world is a series of hills, which the player moves down by rolling on the ground. Houses with a dungeon that the player must navigate. Castle gates that the player must break through. Cupboards that contain items. Passes that the player travels through. Coffeeshops where the player can buy items. George: George is your controller. He moves you. He sees all the screens. The game loops 5 times. (get ready to refresh the page, because it is not needed). This is because you can visit the same houses twice and still complete your quest.
